\* [REDACTED] Comment. The occupation of the two barracks installations on either side of Berlinerstrasse, Prenzlau, which has quartered units of the 25th Tank Div, had not been clarified [REDACTED] The installations have continuously been reported to have quartered rear units of the division which moved to the Terplin troop training grounds in April. In mid-August, tanks [REDACTED] were consigned to Prenzlau for Unit [REDACTED] from the U.S.S.R. via Frankfurt/Oder.

[REDACTED] it is believed that an agency distributing tanks to Volkspolizei units under the supervision of the office of the Commander of Armored and Mechanized Troops of the GDR is located in Prenzlau. This office is possibly housed in the barracks installation on the northwest side of Berlinerstrasse. The personnel and motor vehicles needed presumably have been detached from the 25th Tank Div.

25X1

[REDACTED] the buildings of the barracks installation on the southeast side of Berlinerstrasse were already occupied by Volkspolizei, it can be assumed that the entire installation will be occupied by WP units. Further information is required to determine whether the barracks installation on the northwest side of Berlinerstrasse will also be vacated by the Russians in the fall of 1952. The officers mentioned [REDACTED] are known as unit commanders of the 25th Tank Div. However, Lieutenant Colonel Vosenko (fnu) was allegedly transferred to the U.S.S.R. in February 1952.
